Tyler Hilton, Slide

You said I'd slide, into myself,
You said I'd slide, destroy myself,
Cause when I'd wake, (when I'd wake)
Inside myself, (inside myself)
I know I'd take, (I'd take)
Away from you

Chorus:

So see, If I can find my life,
In the shadows that you hide,
Find all lives,
In the wilds that decide,
This sign that'd say I'd Slide

Well into dream, my mistake
Well in what's real,
In what i'd take,
With the words,
That make me stay,
I knew they'd take,
Away from you

Chorus:

So see, If I can find my life,
In the shadows that you hide,
Find all lives,
In the wilds that decide,
This sign that'd say I'd Slide

Well into you, into sleep,
Well in what's real,
In what I keep,
Close you eyes, (close you eyes)
And let me sleep, (let me sleep)
Well what you take,
Away from me

Chorus:

So see, If I can find my life,
In the shadows that you hide,
Find all lives,
In the wilds that we hide,
This sign that'd say I'd Slide
