

Tyler Kyte, What you need

And why do I need?
Why do I need someone else?
'Cause you comfort me
You show me how to be myself
Another late night and a radio
Turn that dial to another sad song
And all I need is a day inside
Inside your mind to see what its like
And all I'm missing in you I see
Am I who you want?
Am I what you need?
Why do you see?
Why do you see someone else?
'Cause I'm losing sleep
I feel like time is running out
If you had called an hour ago
This basement might not be so cold
And all I need is a day inside
Inside your mind to see what its like
And all I'm missing in you I see
Am I who you want?
Am I what you need?
Whoa, whoa, ah, ah
And why do I need?
Why do I need someone else?
And all I need is a day inside
Inside your mind to see what its like
And all I'm missing in you I see
Am I who you want?
Am I what you need?
Whoa, whoa
Am I what you need?
