Got a problem with the golf ?
fuck it then pick a spot
like you're eating lunch
and its brunch
we could bring the beef
and the pots and the pans
fuck it we could bring a lot
I just want to know if you can come and suck a dick or not?
hit her up pick her up
in the front seat of my two seater vehicle hit the crib grab the cuffs take pictures of her butt
where's your mouth open up
I just want to know if you can come and suck a dick or what
the fuck am I yapping about?
it don't matter, I'm the one, hun
T is the sun and you're saturn
better stop with all of the chit chatter bitch i'm the tongue i go dumb
like the mental handicaps in the house y'all kiss butt
like a nap on the couch
T the shit, I'm the weird little BLAH
in your mouth you better brush
like Hova shoulder
told you boys it never stop
I just want to know if you gon come and suck a dick or not?
