

Tyler, The Creator, DOGTOOTH

Sometimes, you just wanna restart (Call on me)
Looking for ways to get rid of some things (When you get lost)
Whether it takes all day or all night (You say)
She could ride my face, I don't want nothin' in return
Her body count and who she fuck ain't never my concern (Y'all niggas weird)
I'm tryna buy my neighbor house (We back at it, dogtooth, yeah, dogtooth)

She could ride my face, I don't want nothin' in return
Except for some her time and all her love
I'm tryna buy my neighbor house and turn it to a yard...
