

Tynisha Keli, My Everything

(Verse 1:)

Lately things have been a little crazy
flippin out and buggin on my baby
god only knows just what i would be
If i didn't have you hear loving me I
Wake up all hours of the night when u are away
crack a smile every time that you're on my brain
me without you baby just ain't right
So if i lose you how will i survive

(B-section:)

I know sometimes you feel you're battling an army just to love me more
trust me baby imma do u better
Cause i can't lose the one thing that holds me together he's my core
Someone i can call on forever

(Hook:)

Cause i know i was so blessed to find you
I'ma show and prove do my best to please you
Pull you together when you feel that you're about to fall apart
make up for the lovin that i never gave before
You're the only thing that makes sense in my life
If we fight i'm gonna make it all right
You should know that i'm in love with you ain't ever gonna leave
don't want no one else but you cause you're my everything

(Verse 2:)
