

Tynisha Keli, My First Love

Verse 1:
Ummmmmmmm

Did you know that everyday is so much more amazing
Waking up right next to you feels like I'm daydreaming
Never thought that I could ever love somebody the way that I love you
We had our days of fighting breaking up and leaving
But you'll always make it right your smile made my whole weekend
It just melts away right into your hands
Don't ever trade it baby I believe that we gone make it
ohhhh

Chorus:
I'm so proud to say that you are my first love
When we're together baby know that you're the only one
When you came next to me (Next to me yeah yeah)
And hold me closely
I know you love me you make my story complete(Complete)
I'm so happy that I got you here to hold me down (Hold me down)
I'll never break your heart (Oh never break your heart oh no)
And go astray no way no how
Treasure from up above never betray your trust
Always thinking bout us
Baby I'm forever in love
