Tyrannosaurus Rex, Misfit

Surplus store misfit I don't wanna quit too many times I chickened and just split.

Bill the little misfit I don't wanna see pop out picyures of you and maybe me.

Baby why don't you scream and split I cant break away I just seen the light.

Wimpy bar misfit I don't wanna be like Billy the kid left hangin' from no tree.

Strung along misfit I don't wanna see people put you down and all I wanna be is free.

Water bed misfit I don't wanna be used and ridden and hidden most mysteriously.

Scary little misfit I don't wanna see every scene tha's been and every scene that's liable to be.

Why don't you just scream and split cos I can' break away I just seen the light.
