

# Tyrannosaurus Rex, Till Dawn

One and a two and a three and four, hey

Golden eyes on a sunset lawn  
make me feel so glad to be born  
Broken pages on the edge of night  
make me want to squeeze you tight  
Till dawn  
Till dawn oh \*

Heat will fly on a sky of gold  
Rivers flow like diamonds oh  
Flaming angel girl I need you now  
locked around me like a burning house  
Till dawn  
Till dawn oh \*

\*Repeat

Till dawn t-t-till dawn Till dawn t-t-till dawn
