

Tyrese, Morning After

Hey, Baby wake up.
What happened last night?
Damn

Verse 1:

Started off with a bottle of Patron.
(And ending up wit breakfast in bed)
Just enough to turn your freaky on.
(And I'm tripping off the things you said)
It's been messing wit my sleep.
Got me up at the crack of dawn.
Looking around my room.
Smelling your perfume.
Reaching for you here.
But you're gone.

Pre-Chorus:

(Your sex got me so high I can't come down)
Even if I wanted to.
(Your neck, your back)
(I'm working my way down)
It's what you make me do.

Chorus:

(I think I want another morning after)
Plays over in my head everytime I'm in my bed.
(I'm looking forward to the morning after)
It gets me through the day.
When I think about the way
(You get that dirty lil look on your face)
Yeah(And tell that you for the trip that we bout to take)
For the trip that we bout to take.
(Oh babygirl)
Girl, I just gotta ask girl.
(Can I get another morning after?)

Verse 2:

Reminiscing how it all went down.
(Wish I could play it like a DVD)
Got so wet a nigga almost drowned.
(But then you came and rescued me)

Pre-Chorus:

(Your sex got me so high I can't come down)
Even if I wanted to.
(Your neck, your back)
(I'm working my way down)
It's what you make me do.

Chorus:

(I think I want another morning after)
Oh, it plays over in my head everytime I'm in my bed.
(I'm looking forward to the morning after)
Oh, it gets me through the day.
When I think about the way
(You get that dirty lil look on your face)
Make a face baby.
(And tell that you for the trip that we bout to take)

About to take, babygirl.
(Oh babygirl)
Let me ask you this
(Can I get another morning after?)
Can I?
Can I?

Bridge:

(Baby, can you spend the night with me?)
Ohhhh
(Waking up before you do to watch you sleep)
I'ma watch you sleep baby, yeah.

(Baby, can you spend the night with me?)
Can you spend the night with me my baby?
(Waking up before you do to watch you sleep)
I wanna make sweet love to you.

Chorus:
