

Tyrese, She Let's Me Be A Man

[Intro]

Said I got the best woman in the world, tell me
Where would I go, where would I be without you, baby
Oh my baby, this is how I feel
Even when she don't understand
She don't be stressin' me
She just let's me be the man
And if ever I'm weak and reach for her hand
She don't throw it up in my face
She let's me be a man
My baby knows that I love her
When I'm on the streets, she don't have to wonder
Keepin' it cool, I remain true
Nothing in the world worth losing you
I might talk noise, frontin' for my boys
I might chase skirts, flirtin' don't hurt
Up in the club, I ain't nothing but a thug
But I'll never jeopardize our love
I come home a little late
She ain't all up in my face
If I don't return her page
Everything is good, yeah
I'm only tryna get us out the hood
So I get ??
I know I got her trust
That's more than enough
She's always got my back
She's down for me
Even when she don't understand
She don't be stressin' me
She just let's me be the man
And if ever I'm weak and reach for her hand
She don't throw it up in my face
She let's me be a man
She's always been my best friend
Right there beside me through thick and thin
When I was young, dumb and had no dough
Anybody else woulda bounced a long time ago
Think all the times I made her cry
When I shoulda told the truth and I told a lie
I don't deserve her no, she won't let go
In spite of everything
I come home a little late
She ain't all up in my face
If I don't return her page
Everything is good, yeah
I'm only tryna get us out the hood
So I get ??
I know I got her trust
That's more than enough
She's always got my back
She's down for me
Even when she don't understand
She don't be stressin' me
She just let's me be the man
And if ever I'm weak and reach for her hand
She don't throw it up in my face
She let's me be a man
Even when she don't understand
She don't be stressin' me
She just let's me be the man
And if ever I'm weak and reach for her hand
She don't throw it up in my face
She let's me be a man

She loves me unconditionally
Through all my flaws and insecurities
And I love her for that
She'll never turn her back on me
She'll always be my baby
Be my baby, baby, baby, baby
Oh, what have I got myself into
I done found the number one woman in the world
She'll always be my baby girl
Even if she don't understand
Even when she don't understand
She don't be stressin' me
She just let's me be the man
And if ever I'm weak and reach for her hand
She don't throw it up in my face
She let's me be a man
(She don't be stressing me no no
I'm working hard
If I'm out 'till 3 o'clock in the morning
She don't throw it up in my face
She know I'm trying to get us out of the hood, baby
Even if she don't understand
She lets me be the man that I am
And I love my baby
She don't throw it up in my face no no
I'm the luckiest man in the world
Prayers do come true
Even when it's time to make love
She lets me do the things I'm here to do
Even if she don't understand what's goin' on
She lets me be the man)
