

Tyrese, Somebody Special

yea...damn (whisper)

I had someone before, that i thought i loved
but i was sprung and i didnt know
i let her hurt me and work my nerves to the bone
jerk me find another and push me along
but it taught me one thing that love is decievin'
get that phony love who you given and recievin'
but things are different know
i put that all behind me im sure this time that

chorus*

I (i) think i really know what love is now
how it'll get you, how it looks, how it sounds,
and how it makes you feel
when you finally found somebody special

and i (i) think i really know what love is now
and how it makes you smile when you're down and out
when the world treats you cold
it sees you love when you've found somebody special

Everythingx3 will make you smile
when you find somebody to hold ya
Dont you knowx3 i'll never lie
its easier to breath when you need somebody
who makes you laugh
who makes you glad
glad that you didnt just give it up

what i got is what i missing and ouuh what im feelin'
