

Tyrese, There For Me

(Baby, Baby, you're the only thing that make-makes any sense to me
Shorty you're always down with me)

I know sometimes
I might seem hard
And you might think
That I ain't got no heart
Make no mistakes
It isn't true
If I'm not there it doesn't mean that I'm not feelin you
Baby I'm a man and I got problems of my own
Don't misunderstand I'm strong enough to take the load
It's because of you girl, I can face this world girl
Baby I just want you to know

CHORUS

Baby, Baby you're the only thing that make-makes any sense to me
Shorty you're always down with me
Baby, Baby, wanna thank you girl for loving me
Right or wrong your love is always there for me
I know sometimes
You wanna talk
And wonder why, I don't return your calls
You're thinkin that, that it is you
I tell ya baby nuthin could be further from the truth
Baby I'm a man and I got shit that's on my mind
Don't misunderstand I've got to have you in my life
It's because of you girl, I can face this world girl
Baby I just want you to know

(CHORUS)

Baby girl I know that I, I can act a fool
You're the only one that I, I can say that to
That's why I feel so much, so much love for you
Because of you, I can make it through
Baby girl I want you to know

(CHORUS X 2)
