

# Tyrone Wells, Jealous Man

I got two things to tell you 'bout my girl  
Two things to tell you 'bout my girl  
One, leave her alone  
Two, leave her alone  
'Cause if you don't  
We'll be looking for your bones  
And I might be stuck in a cell  
But you'll be burning in hell

Chorus:  
'Cause I'm jealous man refined  
Jealous plans and mine  
Jealous man that brings me down  
Jealous man

And I got two to tell you things to tell about this bar  
Two things to tell you about these bars  
One, they leave me alone  
Two, you'd like to go home

(Chorus)

Ah J Nash

I got two things to tell you about this rope  
Two things to tell you about this rope  
One, it's gonna help me cope  
Two, ain't got no more hope  
So I'm forming a noose  
'Cause I got to cut lose

(Chorus)

When the guard opened the door  
My feet weren't touching the floor  
And I ain't jealous no more  
Cut me down bury me  
'Cause I'm jealous
