

# U.D.O., Azrael

Azrael

Long ago - in another life

I was innocent - just a child

Transformed my brain into an evil thing

Now I'm a creature of the night

I'm a shadow in the darkness and I'm watching you

Though you can't see me I am always at your side

When I'm on your heels - you see how it feels

To sense the curse of Azrael

In the night - I'll come to you

Your life belongs to me

I wake you up - you stare at me

I'm the last thing that you'll ever see

The panic in your eyes that I have hungered for

Shows me you have realised the truth

Death comes to the dying - and before your eyes grow dim

The last word on your lips is Azrael

I will destroy your dreams

I will destroy your mind

I will destroy your soul

And then I'll take your life

Sometimes I remember the life I had Before

I asked myself was it just a dream

When I close my eyes I see an ocean flowing blood

And in my sleep I hear those fearful screams

So lock your doors - remove the keys

It doesn't matter if you leave or stay

Wherever you go I'll be expecting you

Your resistance is the spice that I crave

When you imagine there's a movement in the shadows

The light around you weakens more and more

Prepare for the arrival of the uninvited guest

The angel of the darkness - Azrael

I will destroy your dreams

I will destroy your mind

I will destroy your soul

And then I'll take your life, ...
