

U.D.O., Back Off

Back Off

Respect our rotten life

Better not be hypnotised this time

You talk a heavy load

A mental overdose you're slime

Open up your mind

Welcome to the gates of nowhere

Freedom's not for sale

We are the right - 'cause we are the law

So back off - power in a minute

Back off - bastard hard and combat high

Back off - power is a winner

Back off - don't you cross this line

We're true and metalised

These crazy territorial nights

'n' red-hot burning roads

We are the predators of life

So back off - gotta be a limit

Back off - bastard hard and combat high

Back off - power is a winner

Back off - don't you cross this line
