

# U.D.O., Born To Run

You're back to win  
To start again  
Searching for the power  
That you've had before

The tables turned  
Mistakes you've made  
Stop telling lies - no angeleyes  
Just look straight ahead

Don't be afraid to roll the dice  
Open up your eyes  
So hit the road and memorize  
You're not for sale

You're born to run  
So take it from the start  
You know you're born to run  
Don't lose your heart

Now you're calling the shots  
So you'd better watch out  
Don't you understand you can't deny  
What you have done before

But don't you know  
Your time will come  
Forget the past - just head out  
Head out for your aims

And in the end you'll see the light  
Tearing up the night  
So let it shine and realize  
You're not for sale

You're born to run  
So take it from the start  
You know you're born to run  
Don't waste your time and realize that you're  
You're born to run  
Tomorrow's here today  
'cause you're the number one  
You're leading the way

So just believe me  
You'd better watch out  
Your time will come  
Mark my words  
Think about it  
I wanna tell ya

You're born to run  
So take it from the start  
You know you're born to run  
Don't waste your time and realize that you're  
You're born to run  
Tomorrow's here today  
'cause you're the number one  
Fight the fight - light the light - realize you're  
Born to run
