

# U.D.O., Kick In The Face

Sometimes it's not fair  
Too many lies are told  
Here we go - don't blame me  
What are you lying for

Don't treat me like a toy  
I have been through this pain  
Long before- again and again  
I believe that it's much too much

I only listen to my heart  
It's never telling me a lie  
I only listen to my heart

Like a kick in the face - sentimental lies  
Like a kick in the face - sentimental lies

Don't you dare to hurt me  
It's my life - and it's real  
I'm not your fool  
I will fight for my right

I only listen to my heart  
It's never telling me a lie  
I only listen to my heart

Like a kick in the face - sentimental lies  
Like a kick in the face - sentimental lies  
Like a kick in the face

Let's get right down to it  
I hate the way you talk  
I'm leaving all the bad times  
I leave it all - all for you

I only listen to my heart  
It's never telling me a lie  
I only listen to my heart

It's like a kick in your face - sentimental lies  
Like a kick in your face - sentimental lies

It's like a kick in your face - sentimental lies  
Like a kick in your face - sentimental lies
