

# U.D.O., Recall The Sin

Many years ago  
My heart and soul was full of fire  
Breaking heads - hit and run  
And the sun was brighter

So wild and reckless  
Cared about no law and order  
We used to ram - the black and whites  
They called a six-one-niner

Those were my glory days  
Just bad-boys-crazy-ways  
My wild-man-holy-times  
I always shot on sight

And i recall the sin  
And i recall the sin

In many sleepless nights  
I found the dream i'm missing  
Kicking ass - living fast  
Been living in a prison

Time to change the colours  
Sweep away the madness  
Here i come - back for good  
Say good-bye to sadness

(Chorus)
