

U.K., Mental Medication

Mental medication
Sweet music's conversation
Play for all creation here
Melody fair

Lost in contemplation
Drown'd in meditation
Need your inspiration near

When I'm alone
I remember
Truth is lasting

With the sun in your eyes
And a simple disguise
You fooled me
Strange how your calling is clear

From the sound of your voice
You don't give me no choice
You move me
Deep lies desire for your quick'ning fire

Well it's a hell of a ride
When your courage inside
Deserts you
Clear though the calling may be...

In a terrible way
You continue to say
You need me
Show me the way through your dark red door

Mental medication
Music's conversation
Need your inspiration near
