

U.K., Nevermore

Nevermore
The sights
Black forest
Cool moonlight

Blue shadows
Reflect
In windows
In direct

Oh to go
Down to Soho
There bold spirits don't sink so low

Gold amber
Of lights
Beer glasses
Misty nights

Oh to go
Down to Soho
Black tie, night out, hobo outright

Singles bars
Cruising shark cars
Soho neon glow

Nevermore...

When day is dawning
You wipe the sleep slowly from your eyes
Then you remember
Soho's neon disguise

Eyes reflect
In windows direct
Soho neon glow...
