

U2, Doctor Doctor

I can't hold you baby
I been thinking
I can't hold you
Another sign above

Doctor, doctor
Tell me what to do
I got heartbreak in my pocket
I got sunlight next to you

Doctor, doctor
Will the difference be adjourned
Could I help 'em only standing
Could I be the one to do

Doctor, doctor

What ? ? ? you
I been round by the river land
Where the sun burns burns bold and
All he ever (track "skips") next to you

(music fades out, then back in)

Any wanna gonna man of wanna buy a taking you down
I was thinking of you
Round about wanna gonna say

Any other bonna down a on ya all the time that you wanted
I was all in the grave...i was down the ground

Put another (gets cut off)
