

U2, Doctor, Doctor

I can't hold you baby
I been thinking
I can't hold you
Another sign above
Doctor, doctor
Tell me what to do
I got heartbreak in my pocket
I got sunlight next to you
Doctor, doctor
Will the difference be adjourned
Could I help 'em only standing
Could I be the one to do
Doctor, doctor
What ??? you
I been round by the river land
Where the sun burns burns bold and
All he ever [track "skips"] next to you
Any wanna gonna man of wanna buy a taking you down
I was thinking of you
Round about wanna gonna say
Any other bonna down a on ya all the time that you wanted
I was all in the grave...I was down the ground
Put another [Gets cut off]
