

# U2, Doctor, Doctor

I can't hold you baby  
I been thinking  
I can't hold you  
Another sign above  
Doctor, doctor  
Tell me what to do  
I got heartbreak in my pocket  
I got sunlight next to you  
Doctor, doctor  
Will the difference be adjourned  
Could I help 'em only standing  
Could I be the one to do  
Doctor, doctor  
What ??? you  
I been round by the river land  
Where the sun burns burns bold and  
All he ever [track &quot;skips&quot;] next to you  
Any wanna gonna man of wanna buy a taking you down  
I was thinking of you  
Round about wanna gonna say  
Any other bonna down a on ya all the time that you wanted  
I was all in the grave...I was down the ground  
Put another [Gets cut off]
