U2, Everlasting Love

Hearts gone astray Keeping up when they go I went away Just when you needed me so You won't regret I'll come back begging you Don't you forget Welcome love we once knew Yeah

Open up your eyes Then you'll realize Here I said was my Everlasting love

Need you by my side Come and be my pride You'll never be denied Everlasting love

From the very start Open up your heart Feel the love you've got Everlasting love

This love will last forever This love will last forever

Hearts gone astray Keeping up when they go I went away Just when you needed me so You won't regret I'll come back begging you Don't you forget Welcome love we once knew Yeah...

When life really flows No one really knows The sun will have to show them Everlasting love

Like the sun it shines Endlessly it shines You always will be mine Eternal love

Whatever love went wrong Ours would still be strong We'd have our own Everlasting love

This love will last forever This love will last forever

Open up your eyes Then you'll realize Here I said was my Everlasting love

Need you by my side Come and be my pride Never be denied Everlasting love

From the very start Open up your heart Feel the love you've got

Everlasting love [Repeat until end]
