

UB40, After Tonight

I'm your key to set you free
You can come to me anytime for cover
Don't play shy, let me try
It's you really want and not another

[Chorus:]
Baby don't you fight
Or get your little self up tight, you know
Baby after tonight

You're alive but they could die
Won't you swim to me a little bit closer
I can read what you mean
It's you oh baby you, I'm looking after

[Chorus]

Baby, baby I said, I need your love
Baby, baby you're the one, I'm dreaming of
Baby, baby I said, I need your love
Baby, baby you're the one, I'm dreaming of

[Chorus]
