

UB40, Just Be Good (Bushman Club)

Just be good to each other...yeah
Donate some peace of mind
Invest in one another...yeah
A love of all mankind

Just be good to each other...yeah
You know we don't get long
It takes so much to recover...yeah
And we can't get it wrong

I'm the meanest, toughest, baddest boy in town
I'm a thief, a liar, one who hunts you down
The final word in justice, and i'll fill you full of hate
So down upon my knees, I am about
To seal you fate

If we're good to each other...yeah
If we just take the time
Treat all men as your brother...yeah
Everything will be fine

When we're good to each other...yeah
You can feel in your heart
The love that all lovers...yeah
When they're apart

I'm the biggest, richest, righteous and strong
Devil plays the tune, i'll make you sing my song
Finger on the button and my eyes are on the prize
In case you had forgotten, I'm a master of disguise

So be good to each other...yeah
And I trust you will find
On the road to discover...yeah
That true love is blind

A reformer coke addict, puppet on a string
My papa gives me credit, so I'm living like a king
Vengence will be mine, I will collect my dues
I'm a walking Armageddon so the world can
Sing the blues

Just be good to each other...yeah
Donate some peace of mind
Invest in one another...yeah
A love of all mankind

So be good to each other...yeah
And I trust you will find
On the road to discover...yeah
That true love is blind

yeah
