

Uffie, dominoes

One cup Italiano espresso
Do a dance a la adagio
Til we fall like stupid dominoes
But you should know
Yeah you should know

One cup Italiano espresso
Do a dance a la adagio
Til we fall like stupid dominoes
But you should know
Yeah you should know

Gravestones can be a work of art
Personal touch is my favorite part
Fold it hand it over a la carte
I want to build an artificial heart

Skyscraper in my pocket
If you knew what's in my closet
It'd be hard to stay on topic
Love the tea but hate the gossip
What they learned from Mary Poppins
Is that everyone's a rocket
Though they do it all for profit
There's no way that we can stop
(Up we go, we go)

One cup Italiano espresso

Til we fall like stupid dominoes
But you should know
Yeah you should know

One cup Italiano espresso

Til we fall like stupid dominoes
But you should know
Yeah you should know

Paper in my pocket
If you knew what's in my closet
It'd be hard to stay on topic
Love the tea but hate the gossip
What they learned from Mary Poppins
Is that everyone's a rocket
Though they do it all for profit
There's no way that we can stop
