

Ugly Kid Joe, Tomorrow's World

Written by ugly kid joe

You don't even know me
You don't even care
I've got something for you
You must this beware
Don't say that it's over
I'm still a part of you

Our love is eternal
Hope in tomorrow's world
Your life's getting closer
Will you make the grade
Slowly going nowhere
Will you die afraid?
Everybody dies
