

Ugress, He Is My Listener

By my side as long as I pay him
Every Sunday I go to praise him

He will lead the way
He is my listener
As long as I bow to pray
He is my listener

Walls of instructions surrounding me
I live my life so perfectly

He will find a way
He is my listener
As long as I vow to pay
He is my listener

Six feet under safe in holy ground
Billboards showing where salvation is found

He will find a way
He is my listener
As long as I bow to pray
He is my listener

He is my listener
He is my listener
He is my listener
He is my listener

He is my listener
He is my listener
He is my listener
He is my listener
