

# Uh Oh! Explosion, We Rule The Summer

Let's get away from anyone who tries to bring us down  
Let's get away from all the haters here now in this town  
Let's get away you know that there's a million just like me  
Let's get away and if you don't you'll hear it when i scream

Let's get away from all those kids lost in luxury  
Let's get away cause even like this is even the real O.C.  
Let's get away you know my team on trust will self destruct  
Let's get away to the only place I know they can't corrupt

To when I'm lyin' next to her, the moon light shining down the darkness is obscure, love is all around  
We'll rule the summer time  
We'll rule the summer  
We'll rule the summer time  
Yeah, we'll rule the summer  
Whoa oh oh whoa oh oh oowhoa oowhoa  
We'll rule the summer  
Whoa oh oh whoa oh oh oowhoa oowhoa  
We'll rule the summer

Let's run away from all them kids who won't let us be  
Let's run away and thrown away reality to be  
Let's run away when you know our friends are waiting there for us  
Let's run away cause even in summer nights belong to us

To when I'm lyin' next to her the moon light shining down the darkness is obscure, love is all around  
We'll rule the summer time  
We'll rule the summer  
We'll rule the summer time  
Yeah, we'll rule the summer  
Whoa oh oh whoa oh oh oowhoa oowhoa  
We'll rule the summer  
Whoa oh oh whoa oh oh oowhoa oowhoa  
We'll rule the summer
