

Ultimate Fakebook, All The New Poisons

I've never seen your glitter shine so see through
as right here
I've been between myself on me and you
Is it good enough for a run?
Is it good enough for the fun?
Now you've made me see and I'm excited cause....
Now it's a "No";
Now it's a big "No";
Is that honest enough for you?
So now that you know, it's all there
I'll sit and watch you go
And I ain't findin' it hard to do

I can't believe I never saw all these clues - they're right here
Like silver sprinkles in your skin of glue
Did it look good enough for a run?
Did it look good enough for the fun?
Always wait to see if I'll just buy it - but...
Cause now it's a "No";
Now it's a big "No";
Is that honest enough for you?
So now that you know, it's all there
I'll sit and watch you go
Always wait to see if I'll just buy it - but...

You know, you're only glitter and glue
