

# Ultramagnetic Mcs, Ultra Reunion

[Kool Keith]

Example one - master magical magician  
hold position, enter the club with competition  
The Great Bartholomew, my spirit follow you  
Hand back the track, smellin smoke off the vinyl wax  
My approach is silent, quiet like a roach  
My solo voodoo is here, Zapp with kazoo  
What can you do when the funk comes behind your crew  
Like Greyskull, Skeletor the bus is on tour  
Kool Keith with Indian Chief Sahara  
Holdin the flashlight, shavin cream in the mirror  
Like Yogi Berra, big Yank count bank  
Movin work out the country, you think I'm Big Hank  
Forty-eight waist with bass, all in your face  
I be there, in the atmosphere, super underwear  
My cape aluminum, light up crews when I'm booin em  
Feedback, mistaken, like Crazy Legs  
I be breakin, rap on my back, you caught the steam  
While you smoke crack, that song word P  
Chorus: repeat 4X
