

Unbekannt, Blue Balloon

I have a blue balloon , a happy tune
Love enough to last me all through the afternoon
I have the New York time and 14 dimes and

Expectations of the most profound nursery rhyme
Before the rivers run dry Before the last say good-bye
Let's be kind to one another we can try
So don't just throw your love above It's not too late to find out
Before the sand has all run out of the hour glass
The carnival is here The crown appears
Plastic painted people hold each other near
Hopes are always high The echo of the sky and when it's over
There just a lonely sight of good-bye (Repeat #)
Too late to hide it now It's all around us now
Oh ! How I want you girl To lie beside me now
While there still this time and now my balloon still rhyme
Let me love you now We can drink a cool , good wine (Repeat #)
So don't just throw your love above You and me had last find out
Before the sand has all run out of the hour-glass
