

UnchainD, Hold On

music by Vincent Bocchini

lyrics by Vincent Bocchini

I been walking with feelings for days
Not knowing what to do
Everytime I see you again
It makes me wonder what you're going through

(Chorus)

Hold On hold on Dont let go of it just yet
Hold on hold on this is something you will forget

Help me try to understand
The love you had has gone away
That left you high and dry

But dont let it take your life today

(Chorus)

Let me help you through today
And let your new life begin
Before long the feeling will fade
You'll go on living life again

(Chorus)
