

UnchainD, Leap Of Faith

music by Vincent Bocchini

lyrics by Vincent Bocchini

In the streets you'll find the people
With the wanting to love
In the streets you'll see the mercy
Of what life has to give

(Chorus)

A leap of faith is this the one
Don't wait to see when it's said and done
A leap of faith follow your heart
When love's within it won't depart

It's up to us to teach them
They're out there for us to teach them
We need to gather round
So someday they will be found

(Chorus)
