

UnchainD, Take Me Away

Towering Over flames are taller
Rescue me from what I see
Darkness striking I am tring
to be Oh to be

Oh when will you

(Chorus)
Come and take me away
Is the time today
Come and take me away
Is the time today

I see many choosing any
Way to go they dont know

I will want you oh to be there to
Victory is all we see

Oh when will you

(Chorus)

Lord where are you are you coming soon
Oh when will you

(Chorus)
