

# Undead, Evening Of Desire

(Steele)

You give me love  
You me everything you can  
You give me love  
You make me feel like I'm a man  
All night kisses set me on fire  
You're guaranteed to bring an evening of desire  
Look at you girl  
Down on your knees  
Your tender, loving lips  
My slave, you're bound to please  
You are my victim  
I am your sire  
We'll share our fantasies an evening of desire  
Evening of desire  
Delight in your screams  
You're the girl of my dreams  
Evening of desire  
Delight in your screams  
You're the girl of my dreams  
Evening of desire  
Desire  
Now you are powerless  
Satisfaction bound  
And you are speechless  
You will not make a sound  
Your chest is heaving  
You're getting scared  
I'll take you higher on an evening of desire  
Evening of desire  
Delight in your screams  
You're the girl of my dreams  
Evening of desire  
Delight in your screams  
You're the girl of my dreams  
Evening of desire  
Desire  
Now you are powerless  
Satisfaction bound  
And you are speechless  
You will not make a sound  
Your chest is heaving  
You're getting scared  
I'll take you higher on an evening of desire  
Evening of desire  
Delight in your screams  
You're the girl of my dreams  
Evening of desire  
Delight in your screams  
You're the girl of my dreams  
Evening of desire  
Desire
