

Undead, No Vices

(Steele)

No vices
How boring it would be if we had
No vices
What a drag to be straight all day and night
No drinks, no drugs, no sex, nothing!
No vices
How boring it would be if we had
No vices
I'm down on my kness
Give me a drink, pill, a smoke, anything, I'm bored to death
No vices
How boring it would be if we had
No vices
I'm down on my kness
Give me a drink, pill, a smoke, anything, I'm bored to death
