## Undead, No Vices

(Steele)

No vices

How boring it would be if we had

No vices

What a drag to be straight all day and night

No drinks, no drugs, no sex, nothing!

No vices

How boring it would be if we had

No vices

I'm down on my kness

Give me a drink, pill, a smoke, anything, I'm bored to death

No vices

How boring it would be if we had

No vices

I'm down on my kness

Give me a drink, pill, a smoke, anything, I'm bored to death
