

# Under The Influence of Giants, Heaven Is Full

They wanna know what makes me tick  
I'm feeling like a son of a bitch  
They say I'm an emotional wreck  
They think they're gonna put me in check

ah yeah, ooo, ah yeah

Yesterday I heard heaven was getting full, yeah  
and thats why I have felt so emotional, yeah

Im walking with a broken leg  
I think she's gonna beg me to stay  
If you cold only fake my death  
She blew my brains and then she left(she left)

ah yeah, oo, ah yeah, no

She said;  
Yesterday I heard heven was getting full, yeah  
and thats why I have felt so emotional, yeah  
Yesterday I heard heaven was getting full, yeah  
I hope they do not leave me at the door, yeah

You've got that weekend coming all of the time  
You've got that weekend coming all of the time  
You've got that weekend  
You've got that weekend  
You've got that weekend coming all of the time  
You've got that weekend coming all of the time

Chorus(2x)

ooo, yeah
