

# Under The Influence of Giants, I Love You

Its a shame that your gone  
Losing sleep when I&#039;m keep rolling  
To your song  
Wonder how I appear in your head  
When I keep rolling, rolling on

I meant to say that I Love You  
I meant to say that I Do  
Yea  
I meant to say that I Love You

When I can&#039;t disappear from your face  
Cause it&#039;s a sure shy, ooh  
I&#039;m a man who admits  
Thats Its hard to be alone  
And missing you  
Missing you  
Missing you

I meant to say that I Love You  
I meant to say that I Do  
yea  
I meant to say that I Love You

Go go and cry

I meant to say that I Love You  
I meant to say that I Do  
Yea  
I meant to say that I Love You  
I meant to say that I Do  
I meant to say that I Love You
