

# Under The Shadow, Falling

Can you help me? I am falling away again  
Lost inside all this mess, lost inside again  
Can you help me I am falling away again  
Lost the sight of the end, need to find it again

I can not pretend anymore  
I can not hold it in  
This is do or die  
This is sink or swim  
It is death or christ  
Make you live again

Can you help me? I am falling away again  
Lost inside all this flesh, lost inside again  
Can you help me I am falling away again  
Lost the sight of the end, need to find it again

It is fleeting, this strane feeling  
Breaking apart everything in its way  
Help me God! I need some help  
Desperate for love  
Desperate for help

I can not pretend anymore  
I can not hold it in  
This is do or die  
This is sink or swim  
It is death or christ  
Make you live again

Can you help me? I am falling away again  
Lost inside all this mess, lost inside again  
Can you help me I am falling away again  
Lost the sight of the end, need to find it again
