

Underoath, Anyone Can Dig A Hole But It Takes A

I'm no leader I'm just a mess
It's not the way it's supposed to be
It's just the way that it is
I'm afraid we are all victims here
And the one whose in charge
I've lead us all astray again
Oh, how the plot thickens!
Are we too far gone?
We always assume the worst
I'm afraid no ones listening anymore
I'm freaking out
I'm so sick
I'm making me sick
Don't look down
The only thing in my way is myself
I'm just thinking out loud
How can I still be alive
I should've been gone so long ago
I can't get away from it all
I messed up like I always do
I gave you nothing
I took you nowhere
You're still listening
The world around me
Has taken a turn for the worst
I'm left alone
Climbing to the top
Should I jump should I stay
Can I make another day
I am the one whose wrong
God forgive me
