

Underworld, Call Me Number One

I used to love you
I fought for your selection
To be a target
For your weapon of affection
I was a dog for you
You put your marker on me
But my soul was not for sale
And you tried to take it from me

But - hey now now
Hey now now
I know what you're doin'
You pushed me too far
And if you want me back!
Want me back
You better -

Call me number one
Head man here
The original son
Baby
Hey, hey hey
Call me number one
Head man here

The original son
Baby
Hey, hey, baby!

You were the fire
I was just the piston
You were the planet
At the centre of my system
Your love is terminal
And I let you give it to me
Your love's a juggernaut
And you tried to drive it through me

Call me number one
Head man here
The original son
Baby
Hey, hey hey
Call me number one
Head man here
The original son
Baby
Hey, hey, baby!
