where
time is old
when
time is everything
when
time of all this started

as we turn to earth
earth wind and fire

get the sun in your head

black metal walls are falling

i am the hunger above your town
(a little sound in a little amp)
i am dubious
(i am metal)

i am stainless

i am milk in your plastic

i am wrapped in ribs and left alone
on a full moon
where the only thing i could do
lying awake on the floor
at night
the boys who cough

a-cough□awake

ah ah ah
AH AH AH

water into you to me
constantly
constantly

without

without

without again
without again

your telephone numbers move across the water

the ocean between us opens

the silence is indifferent

and love

love

love walks with the boyfriend
the city loves a boyfriend
friends walking
friends walking with the boyfriend
the city loves a boyfriend

everybody loves a boyfriend

you left me alone

with a full moon
