

Undun, Hate

This is hate
This is pain
This is life

1,2,3 GO!

Fear guides me through this
You can't control this
All the f**king lies, every alibi, that's the reason why, and you can't realize

Everything feeds on hate
makes us part of what you create
Everything feeds on pain
draws us in to what you call sane

Time drove me to this
I can't escape this
All the f**king lies, every alibi, that's the reason why, and you can't realize
