## Unfinished Thought, Silhouette

If I Could Stop Time I'd Frame Your Glass Pose

Tied To Your Shadow I'm Over Exposed

Counting Your Breathing With Quiet Control

Watching You Drowning I Slowly Let Go

I'm Giving You Shade From What You Don't Know

You've Made Some Mistakes Just Keep Your Eyes Closed

Planning Out Endings I Thought You'd Enjoy

With One Thing In Mind The Love You Destroyed

You Are Not Enough You Are Not Enough

You Can't Modify
The Masterpiece I've Set In Motion

If You Try I'll Multiply My Heart Breaking Devotion

Sparks Burn Behind You Your Silhouette Glows

Blindness Reminds You You'll Never Grow Old

Memorize Your Last Sunset It's Fading Fast And Getting Wet

Last Goodbyes Have Been Revised You Can't Decide Who's Qualified

Don't Be Afraid Of What You Understand

Always Be Jealous Of Others Who Can't

You Are Not Enough You Are Not Enough
