

Unhinged, Abjure

this 1 builds a house 4 the daze ahead
gives up everything and his spirit is dead
riding on the cloud of a darkened past
kiss of death is given and the next breath is the last
..kiss of death

flashing pictures on the tv screen
can't determine fact from fiction, what does it mean?
work it all out for yourself, my friend
before your time is up and you see the world's end
..world's end

show me just how you see it,
my narrow mind cannot conceive it
honest men are hard to find now,
collision course has started right now!
you'd worry less what people think of you
if you'd only realize how little they do
i feel like i'm only passin by
confidence is broken and the spirit cannot lie,
..just cannot lie
