

Unholy Bands From The Holyland, Cerebral Coma

Music and lyrics: cerebral coma
Souls of eternal existence died
I - I can feel your blood spill out
Blood - blood stench with hate
So - screams of pleasure fill the night
Die - for me unholy war - within my soul
Let us party now
Blinded eyes
Feeding rage
You want to die
Screams of pleasure
Screams of pain
I stand high, you obey
Unholy war - Within my soul
