

# Unholy, Procession Of Black Doom

You arrived to valley  
of Endless black memories  
Bloodlust starts  
You notice the smell of death  
Time may end, serenade will start

Procession of Black Doom  
Dark shadows swallow you  
Review to reality  
Exclamation breaks  
Fog has descended  
You feel the power of  
Allies of eagle  
You will loose your mind

Second attention  
Is too much for you  
Without the Nagual  
Death will Pay  
A visit to you
